FERNANDO BICALHO

< JUNIOR BACK-END DEVELOPER >

ABOUT ME

I am transitioning from a career in sales and customer support to studying programming. My previous roles have honed my problem-solving and communication skills, which I now apply to my programming studies. I am passionate about coding and eager to leverage my diverse experience to pursue a career as a software developer.

EDUCATION

Code for All_
Fullstack Programming Bootcamp
May/2024 - Aug/2024

BsC in Computer Science
University of Minho, Braga, Portugal
2018-2024 (Frequency)

LANGUAGES

English - C2
Portuguese - Native

HOBIES

WORK EXPERIENCE

2020-2024

Consumer Support Specialist
@ Randstad Portugal

As consumer support, I provided technical assistance and resolved customer inquiries in a customer support role, ensuring high satisfaction and efficient service.

2019-2020

Telecommunications Consultant @ TLCI

As consultant, it was my responsibility to manage both inbound and outbound sales initiatives, attract and generate interest in potential customers, and serve as their first point of contact.
